REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Troy:

I herein submit my second annual report as superintendent of schools.

It seems right and proper to utilize a little space in this report to bring before the parents and citizens some of the objectives of the public school system of today: (1) To develop a sound mind in a strong and healthy body. (2) To develop the ability to read and write, to think and put that thought into action. During the year we have tried not only to teach the child the mechanics of reading but also the getting of the thought from the printed page and then expressing it in an effective way to the listener. That is we are emphasizing oral reading. (3) We recognize the need of more effective teaching of technical grammar as well as the use of correct expressions in the Mother tongue. (4) To endow our pupils with the knowledge, skills and mental power to earn a reasonable living in the modern world of today. (5) To devote the use of leisure time to worthy activities and pleasures. (6) To develop a fine spiritual character that is trusted and admired.

To the development of these objectives and others not mentioned we invite your cooperation, support and suggestions.

CHANGE IN TEACHING CORPS

There has been but one change in the teaching corps during the present year. Mrs. Alice M. Russell having resigned in June, Miss Lillian Holt, a graduate of the University of New Hampshire, was elected to the position of instructor of English and French.

SCHOOL CONDITIONS

All the teachers have been alert to the best interests of the pupils, their instruction has been along the lines of modern and improved methods and their co-operation with each other and with school officials has been of high order. The pupils have been

responsive to the instruction of their teachers and the progress in respective grades has been normal.

In conclusion, I wish to thank the members of the school board, teachers and parents for their hearty co-operation and support.

Respectfully submitted,
FREDERICK T. JOHNSON,
Supt. of Schools.

Marlborough, N. H., Feb. 22, 1936.

REPORT OF THE HEADMASTER OF TROY HIGH SCHOOL

To Mr. F. T. Johnson, Superintendent of Schools:

Our schools are organized on the so-called 6-2-4 basis which makes the elementary, Junior and Senior High schools a complete unit in themselves. In the elementary grades the activities are supervised by the teachers of the several grades and some very fine projects have been completed this year. The Junior High has its own activities period, its own Glee Club and its own Civics Club.

In the Senior High School each class at the beginning of the year chooses one of the faculty as its class advisor and this teacher works with the class throughout the year. Because of the fact that all the teachers had all their periods taken up with teaching this year, at the suggestion of the State Department we inaugurated a system that is known as the "floating period." By using this system it is possible to incorporate an extra period into our schedule and thus create an "activities" period. This period is used for the meetings of the several organizations within the school, for rehearsals and class meetings. The object of having these clubs is two-fold. First, it teaches the individual co-operation, ability to get along with his fellows, and, secondly, subject matter that he would not ordinarily obtain from his courses in school. The clubs consist of such organizations as: the Glee Club, Dramatic

Club, Civics Club, Camera Club, etc. In addition to this each class is organized with the customary officers for the purpose of practice in parliamentary procedure.

Our athletic activities are limited to basketball and baseball. It is not feasible to attempt football in a school of our size because of a number of reasons. One reason is the cost of equipment and another the lack of proper material. However, in basketball we have been more or less successful. Last year for the first time we organized a girls' team and while, through inexperience, they did not have a very successful season yet this year they have won a majority of their games while the boys have broken about even which I consider very good when the fact that we have no gymnasium facilities is taken into consideration. This year a league was organized including the schools in the southwestern part of the state which are of approximately the same size, that is, schools of less than one hundred enrollment.

Our baseball is necessarily limited because of the cost and also because of lack of accessible practice grounds. With a comparatively small outlay of money and labor grounds could be prepared near the school which would permit of intra-mural games such as soccer, soft-ball, volley ball, and outdoor basket-ball which would materially aid us in laying out a more complete athletic program with the addition of mass games. Our athletics have to be self-supporting and all money spent for such activities is raised by the pupils themselves.

Other activities in which we have taken part include the state competition which was held in Keene last year. Troy High School was represented by a spelling team and won fourth place in a field of twenty-seven schools. One-act plays were written by the pupils of the English classes and submitted in competition with other schools of the state. As usual, last spring the school presented a three-act play which was well produced and very successful. The Glee Clubs of Troy, Jaffrey and Fitzwilliam held a concert in which the combined clubs took part. This year we have inaugurated a prize-speaking contest which we hope will

become a yearly feature. Weekly programs have been presented by the various groups during the assembly periods with especial attention being given to such holidays as Armistice Day, Christmas, Lincoln's Birthday, Washington's Birthday, and the exercises at the Town Hall on Memorial Day.

In closing I wish to thank both parents and students for the splendid spirit of co-operation which has been shown and wish that a greater number of parents and friends would avail themselves of the opportunity of visiting classes in both the High and Elementary schools.

Respectfully submitted,
M. E. LAVERTY.
